GE offers LED A-Line 3-way lamps as excellent replacements for standard 30/70/100-watt and 50/100/150-watt incandescent lamps.

LOW-COST OPERATION
- For example, when using the 22 watt setting, save over $350 in energy costs over the rated life of the lamp versus a standard 150-watt incandescent lamp based on $0.11 per kWh.
- Energy efficiency and long life mean fewer lamp replacements versus standard incandescent or halogen light sources.

EXCELLENT COLOR RENDERING
- Available with a CRI of 80.

COLOR TEMPERATURE
- Available in 2700K and 5000K.

LONG LIFE
- 25,000 hours rated life (L70)

ENVIRONMENTALLY CONSCIOUS
- These lamps are energy efficient, contain no lead or mercury, and are compliant with material restriction requirements of RoHS.

GE QUALITY AND RELIABILITY
- 3-year limited warranty.

**Additional Information**

Information provided is subject to change without notice. Please verify all details with GE. All values are design or typical values when measured under laboratory conditions, and GE makes no warranty or guarantee, expressed or implied, that such performance will be obtained under end-use conditions.

* The life rating is based on the hours of operation the lamp will provide before reaching 70% of its original rating (L70)

**Minimum order quantity = 6

# UL 1993 Environmental Requirements for LED LAMPS

Location, damp – Exterior or interior location that is normally or periodically subject to condensation of moisture in, on, or adjacent to, electrical equipment, and includes partially protected locations.

Location, dry – Location not normally subject to dampness, may include a location subject to temporary dampness, i.e., building under construction, provided ventilation is adequate to prevent an accumulation of moisture.

Location, wet – Location in which water or other liquid can drip, splash, or flow on or against electrical equipment.

Notes: 1) Product descriptions ending in “TP” indicate a carded blister or clamshell package nested in a tray for shelf display. Cards also designed for hook display.

2) LED A19 Locking device works on PC: 85791, 85792, 89898, 62182, 89899 and 89900
