The energy-efficient radiance of GE’s LED PAR30 short and long neck lamps is not just something you see, it’s something you feel.

**LED Commercial PAR30 short and long neck lamps**

For efficient, long-lasting options for traditional downlight applications, GE’s dimmable 12-watt LED PAR30 lamps are the perfect solution.

**LOW-COST OPERATION:**
- For example, using only 12 watts of energy, save over $201 in energy costs over the rated life of a lamp versus a standard 85-watt halogen lamp based on $0.11 per kWh
- Energy efficiency and long life mean fewer lamp replacements versus standard incandescent and halogen light sources

**EXCELLENT COLOR RENDERING**
- Available with a CRI of 80 - 84

**COLOR TEMPERATURE**
- Halogen-like color
- Available in 2700K and 3000K

**LONG LIFE**
- Up to 25,000 hours rated life (L70)

**DIMMABLE**
- Dims from 100% to 10%

**BEAM PATTERNS**
- Available in 35° beam pattern

**ENVIRONMENTALLY CONSCIOUS**
- These lamps are energy efficient and contain no lead or mercury

**GE QUALITY AND RELIABILITY**
- 3-year limited warranty

Information provided is subject to change without notice. Please verify all details with GE. All values are design or typical values when measured under laboratory conditions, and GE makes no warranty or guarantee, expressed or implied, that such performance will be obtained under end-use conditions.

* The life rating is based on the hours of operation the lamp will provide before reaching 70% of its original rating (L70)
** Minimum order quantity = 6

ENERGY STAR® status: ENERGY STAR® certified. Lamps without a "★" are not ENERGY STAR® certified.

Location, damp – Exterior or interior location that is normally or periodically subject to condensation of moisture in, on, or adjacent to, electrical equipment, and includes partially protected locations.
Location, dry – Location not normally subject to dampness, may include a location subject to temporary dampness, i.e., building under construction, provided ventilation is adequate to prevent an accumulation of moisture.
Location, wet – Location in which water or other liquid can drip, splash, or flow on or against electrical equipment.

Notes:
1) Product descriptions ending in "TP" indicate a carded blister or clamshell package nested in a tray for shelf display. Cards also designed for hook display.
2) LED A19 Locking device works on PC: 85791, 85792, 89898, 62182, 89899 and 89900

Product is compliant with material restriction requirements of RoHS
ENERGY STAR® and the ENERGY STAR® logo are registered U.S. marks
