Lumination™ LED Luminaires
Downlights | RX Series
Dependable Downlighting

New GE Lumination RX Downlights are the economical choice for converting existing CFL sockets to the superior performance of LED technology. Perfect for office, retail, hospitality or any mid-height ceiling application, the RX is available in 6” and 8” rounds and includes a new, quick connect power supply for rapid, cost-saving installation. Excellent 82 CRI color rendering enhances any environment while long 50,000-hour life, reduced energy & maintenance deliver big savings year after year. It’s the ideal solution for dependable white light with impressive Lumens Per Watt performance.
Beyond Ballasts

Unlike plug-in LED lamps, Lumination RX Series LED downlights include a new power supply, eliminating the cost and hassle of managing ballast compatibility and maintenance. They’re designed to save on installation by easily fitting into most existing 6-inch and 8-inch CFL ceiling openings in just minutes. They have 120-277V input and deliver a uniform, wide beam of clean white light in 1000, 1500, 2000 & 3000 lumen options. It’s premium performance in an economical package that saves contractors and building owners time and money.

Features & Benefits
- Available in 6” or 8” round models
- Lumen Packages 1000L, 1500L, 2000L & 3000L
- 71-83 LPW
- Three crisp white color temperatures (3000K, 3500K, 4000K)
- Good color rendering – 82+
- Excellent lumen maintenance (L70 at 50,000 hours)
- 5 year limited warranty

Applications
- Office
- Retail
- Hospitality
- Hospital
- School
- Municipal
- Shopping Mall
- Airport

LED Technology
- Energy Efficient (75 Lumens per Watt)
- Long Life (50,000 hrs.) minimizes need for maintenance
Provides crisp, white LED light — 3000K, 3500K, 4000K options

Perfect for retrofitting 1 and 2 lamp plug-in CFL sockets

Provides crisp, white LED light — 3000K, 3500K, 4000K options

Fits existing ceiling opening, saving installation time

Quick connect feature allows easy installation of power supply while driver is disconnected

Long 50,000 life saves on energy and maintenance
Affordable Luxury

Upgrade from CFL to advanced GE LED technology at a remarkably affordable cost. Get all the benefits of first-class LED light performance in a package designed for stringent efficiency. Save money on installation, operation and maintenance ...with fixtures engineered to deliver dependable, clean LED light to any environment.
The GE Difference

Building on a reputation for quality and excellence that dates back to Edison’s first electric light bulb, GE brings an unsurpassed depth and breadth of expertise to every product. Our commitment to providing the greatest value in high technologically solutions is stronger than ever. We deliver innovative options backed by the international reputation of our 120-plus years in the business.
Lumination™ LED Luminaires
RX Series

Product Description:
The Lumination RX Series LED downlights are the ideal retrofit solution for traditional 1 or 2-lamp CFL downlights. They install in just minutes into most 6-inch and 8-inch CFL rough-in frames and bring a fresh look to the space. Unlike plug-in LED lamps, the RX downlight give you a new power supply and 50,000 hour life rating, so that you won't have to worry about compatibility or maintenance issues with the original ballasts. All downlights in the RX family have 120-277V input and a uniform lit appearance, delivering premium performance in an economical package.

Performance Summary:
Distribution Patterns: Wide
Delivered Lumen Output: 1000, 1500, 2000, 3000
System Efficacy (LPW): 71-83
Input Voltage: 120-277V
Standard Dimming Controls: Non-Dimming
CCT: 3000K, 3500K, 4000K
CRI: 82
Lifetime Rating: L70 @ 50,000 hours
Input Frequency (Hz): 60Hz
Power Factor: >0.9
Mounting Options: Spring clips clamp on to existing frame or directly to ceiling
Weight: 0.6 lb
IC Rating: Non-IC Rated
Limited Warranty: 5 years system
Files Available: LM79, LM80, IES

Product Dimensions:
RX Series

Certified by: UL and cUL Listed.
Suitable for damp locations.
