Product Description:

GE Lumination™ LVT Series Recessed LED Luminaires bring a three-dimensional volumetric designer touch to any T-Grid drop ceiling landscape. By providing high uniformity, excellent efficiency and reduced glare the LVT is ideal for commercial office, education or healthcare applications. The newly rerated lumen maintenance of greater than 85% at 50,000 hours operation offers even lower maintenance costs and now optional “High Performance” products offer DLC premium. LVT is suitable for indoor general lighting for both new construction and retrofit when the luminaire is replaced. With a beautiful three-dimensional look, LVT offers an easy-to-install LED solution. A matte finish, curved diffused lens with no unsightly ribs, smooth uniform light (no pixels or stripes), no dark end caps and delineated details create visual interest in any ceiling. All fixtures available with Daintree’s complete portfolio of wireless control options for literally any use case. Daintree One and Daintree EZ Connect, offer the ability to upgrade disconnected fixtures into a complete enterprise based energy management solution. This allows end users to build a digital ceiling with already installed infrastructure today, tomorrow, or whenever you are ready for the productivity benefits of IoT.

Performance Summary:

- **Light Output Range**: 3000-7200 lumens
- **CRI**: 80+, R9>0
- **CCT**: 3500K/4000K/5000K
- **Efficacy**: Standard: 112-128 LPW, High Performance: 132-136 LPW
- **Input Voltage**: 120-277V, 347V
- **Wattage Range**: Standard: 24.5-60.0 watts, High Performance: 22.0-36.5 watts
- **Luminaire Lumen Depreciation**: L85@50,000 hours
- **Light Output range**: 3000-7200 lumens
- **Efficacy**: 3500K/4000K/5000K
- **CCT**: 80+, R9>0

High Performance:

- **EXAMPLE CONFIGURATIONS**
  - LVT24B203M_VQLTWHTEHP: 6200, 40.0, 112
  - LVT24B404MM_VQLTWHTE: 9600, 50.0, 133

Product Specifications:

**LED & Optical:**
- **CRI**: >80
- **RS**: >30
- **Color Consistency**: Central limit 4-Step MacAdam Ellipse with LED recipe approach for tight unit to unit color control
- **Rated Lumen Depreciation**: 35,000 hours
- **TM-21 LED Data**
  - **Standard Performance**: Calculated: L85=100,000 hrs
  - **Reported**: L85>60,000 hrs
- **Premium Performance**: Calculated: L90=100,000 hrs
  - **Reported**: L90>60,000 hrs

**Electrical System:**
- **Input Voltage**: 120-277, 347 VAC
- **Input Frequency**: 50/60 Hz
- **System Power Factor (PF)**: >0.9*
- **Total Harmonic Distortion (THD)**: <20%*
- **LED Driver Type**: Class 2
- **PF and THD may vary with options

**Ratings and Evaluations:**
- **Operating Temperature**: -20°C to +35°C
- **Storage Temperature**: -40°C to +70°C
- **Surge Protection**: ANSI C82.77 Compliant
- **Location**: Damp
- **Safety**: UL/cUL Listed
- **Environmental**: RoHS compliant
- **Utility**: DLC™ Qualified Product Listed, check [www.designlightsg.org/QPL](http://www.designlightsg.org/QPL) for specific products

**Construction & Finish:**
- Housing: Durable, long lasting construction. Steel, electrogalvanized, cold-rolled, commercial quality.
- **Lensing**: Precision formed optical lens/diffuser curved and technically balanced for efficacy, and transmissivity. This offers smooth uniform light (no pixels or stripes) and no dark end caps. There are no unsightly ribs which are typically used to distract from pixels, stripes and poor uniformity.
- **Paint**: High reflective matte finish
- **Weight**: <15 pounds

**Design Life & Warranty:**
- **System Warranty**: 5 Year
- **Minimum Luminare Design Lifetime**: >10 Years
- **Driver Design Lifetime**: >10 year life of continuous operation. >100,000 hour design parameters

**Controls:**
- **Standard Dimming**: 0-10VDC ANSI C137.x compliant
- **Minimum Dimming**: 10% of rated lumen LED drive current. Contact manufacturer for other available options
- **Optional Dimming**: Contact Manufacturer

**Wireless Networking and Sensing Device Options**
- **Daintree One**: Wireless fixture integrated sensor that is perfect for single fixtures or small area applications. Standalone wireless lighting controls that work independently. Comes preset from the factory yet can be upgraded to Daintree EZ Connect and/or Daintree Enterprise in the future. Factory preset to shut off 20 minutes after the space is vacated of occupants. Daylight harvesting preset enabled on.
- **Daintree EZ Connect**: Wireless fixture integrated sensor that is designed for room based controls where a group of fixtures communicate to each other and communicate wirelessly in chorus as a system. The advantage is simple, minimal field based commissioning. Factory preset to shut off 20 minutes after the space is vacated of occupants. No daylight harvesting set in initial preset. EZ Connect wireless lighting controls are set up and/or can be changed by the Daintree EZ Connect application that can be downloaded via a smart device.
- **Daintree Enterprise**: Wireless fixture integrated sensor technology that is ideal for multi-site lighting system management. System requires software and commissioning. Monitor multiple controls, lighting, energy, HVAC with unlimited potential for other (3rd party) sensor integration. “Open on the bottom” means that ZigBee communication protocol is an industry standard with countless wireless hardware sensing options. “Open on the top” means that the data from the sensors can be used by any 3rd party software supplier/developer, be it part of a complete BMS system or simple API (Application Programming Interface or “App”). Daintree Enterprise offers a complete future proof solution from any Daintree enabled installed base of fixtures.

**Power Addition for Controls**: <2 watts
*Contact Factory for specific option availability

**Mounting:**
- **Typical Mounting**: Fits standard 1-Bar grid (drop ceilings)
- **Wiring Access**: ½” trade-size KO’s on a removable access plate provided
- **T-Grid Clips**: T-Grid clips included on fixture body, with holes for seismic wires
- **Surface Mounting**: Surface mount kit available.

**Accessories & Options:**
- **Optional Emergency Battery**: Provides 90-minutes of Emergency lighting
- **Notes**: EL option is not available with 347V option; test button is remote mounted in the field.
- **Optional Chicago Plenum**: Openings in recessed fixture sealed per requirements for CCEA.
