eLight B2B Portal Registration

Welcome

eLight registration can be quick and a simple process if done correctly. The instructions within this document will walk all types of users through the registration from start to finish. After registration is complete, approval will take up to 48 working hours.

Welcome to eLight, your new home for everything CURRENT.

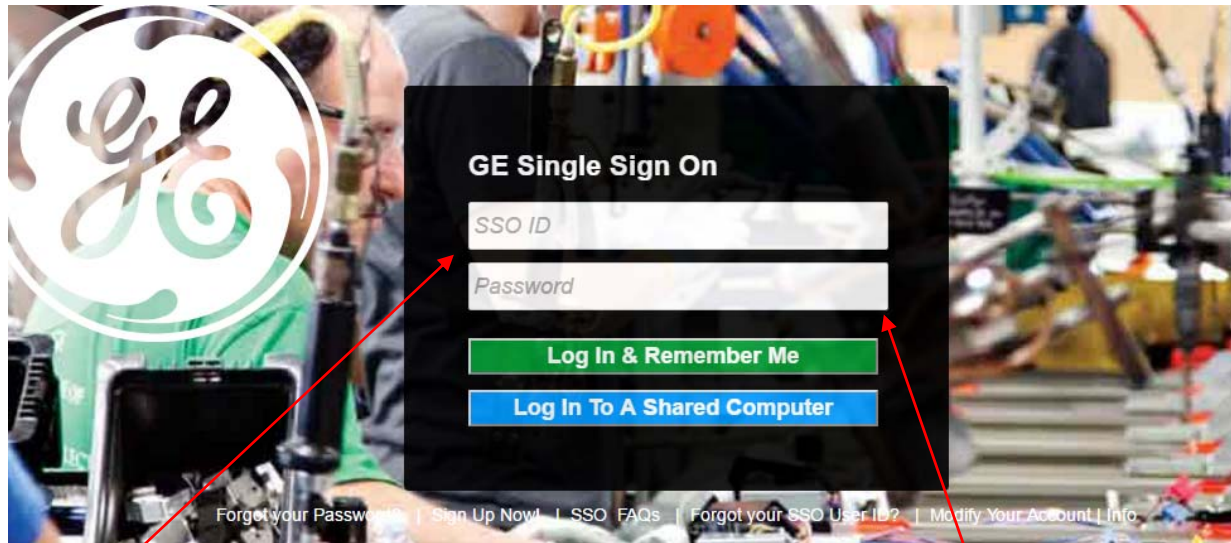

GE SSO Single Sign On

The first step is to obtain a GE SSO. Employees should already have an SSO, however our Agents, and Customers may not. In the case of Agents and Customers needing an SSO, please follow the instructions below.

1. Navigate to the GE SSO registrar homepage
 1. <https://www.ge-registrar.com/gecentral/ssoregister.jsp>
2. Click on the applicable link – for Agents and Customers (the third link) for “Suppliers/Vendors/Customers WITHOUT a GE email addresses”
3. Complete the application and submit. Please wait for the e-mail stating the SSO has been approved before trying to register on eLight.

eLight Registration

Once you have received your SSO registration approval you are ready to login to eLight and register. Below is the SSO sign on screen. Please login with your newly created SSO user name and password.

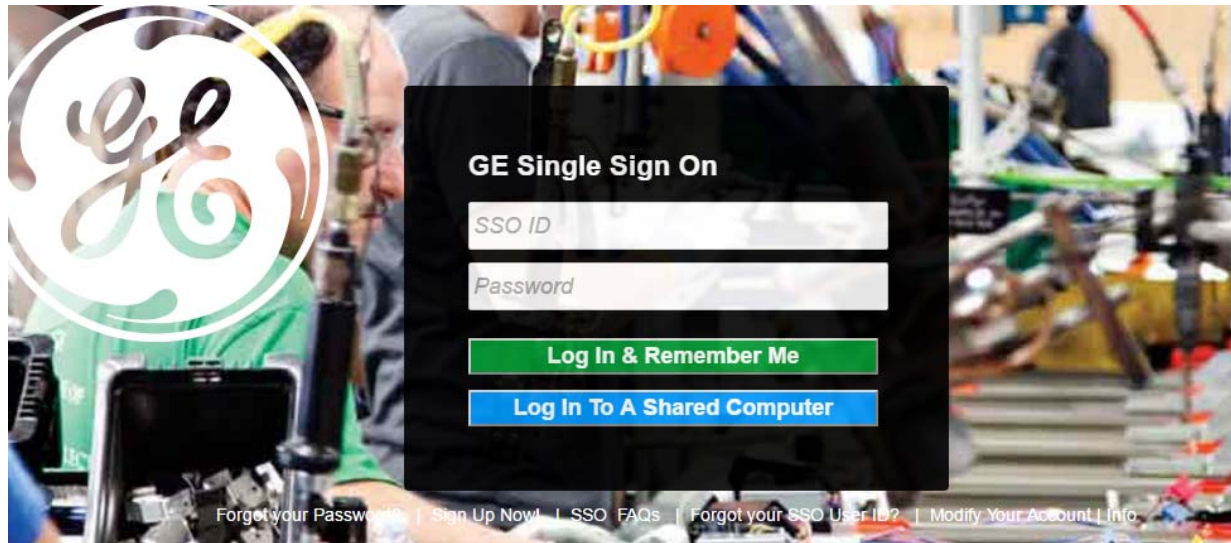

User Name

Password

eLight Registration (forgotten credentials)

If you have a GE SSO and forgot your credentials, please use the links pointed out below. Current team members CANNOT reset user IDs or passwords. This has to be done at the corporate SSO registrar website.
