

# WARRANTY

## **TRAFFIC LED SIGNAL MODULES**

GE Lighting Solutions, LLC (Lighting Solutions) warrants to the original end-user (Purchaser), that at the date of purchase, products will be free from defects in material and workmanship consistent with and as provided by the applicable Lighting Solutions product specifications.

## **MATERIALS AND WORKMANSHIP**

For a period of sixty (60) months from the date of shipment, Lighting Solutions, at its discretion, will, itself or through others, repair or replace the product that Lighting Solutions assesses to be inoperable due to original material or workmanship defects.

## **TERMS AND CONDITIONS**

It is a condition of this warranty that: (1) the Purchaser submit in writing all claims of product defect within the specified warranty period, (2) the Purchaser prepay all freight, insurance and other transportation charges to return the product(s) to Lighting Solutions for warranty coverage verification, repair or replacement, and (3) Lighting Solutions retains all replaced parts and product(s).

**This warranty does not cover: (1) product advice or assistance that Lighting Solutions provides as a courtesy, (2) removal or reinstallation of product(s), (3) defects or damage as a result of accident, purchaser modification, misuse (including, but not limited to, the operation at temperature above 74°C, as measured on the exposed rear of the module, or voltage levels outside the rated range), improper service or repair, abnormal use including, without limitation, improper storage, incorrect installation and use in applications unrelated to surface road vehicle signaling systems, (4) operation in continuous flashing mode or duty cycle exceeding normal operating range for traffic signals, and (5) gradual degradation of luminous intensity over time.**

## **WARRANTY LIMITATIONS**

In no event shall this warranty apply to component-part buyers. All replacement products are warranted only for the remainder of the original warranty of the products replaced. Replacement products will be equivalent in function, but not necessarily identical in appearance, to the replaced products. Repair or replacement as set forth in these warranties is the sole and exclusive remedy under these warranties. Lighting Solutions disclaims all other warranties, including without limitation, and implied warranty of merchantability or fitness for a particular purpose.

## **DAMAGE LIMITATIONS**

**The Purchaser assumes all risks and liability whatsoever in connection with the use or application of a Lighting Solutions product, whether or not through a contract, sustained by the Purchaser or by any other person. This limitation cannot be waived or amended by any person and is effective even if Lighting Solutions or its representative is advised of, or might have anticipated, the possibility of such damages. This limitation of liability may not apply to damages related to personal injury or death in jurisdictions where such damages may not be disclaimed as a matter of law.**

## **WARRANTY SERVICE CLAIMS**

The Purchaser must obtain a Return Material Authorization (RMA) number from a Lighting Solutions Customer Service Representative by e-mailing [Therese.Kish@ge.com](mailto:Therese.Kish@ge.com) or by calling +1.216.606.6515.
